

OPIOID OVERDOSE PREVENTION

HELP SAVE A LIFE!

FREE training and FREE Narcan® Nasal Spray Kits for the first 30 participants on a “first- come, first-served” basis.

Training is open to anyone who is at risk for a heroin or opioid overdose or their family or friends.

Education will be provided on how to administer Narcan® (Nalaxone) to reverse a heroin or opioid overdose and rescue breathing.

Registration is not required but kits are only available to the *first* 30 participants.

Date: Thursday, March 22 at 6:00 PM

CAPITAL HEALTH MEDICAL CENTER – HOPEWELL
One Capital Way, Pennington
NJ PURE Conference Center

The Opioid Overdose Prevention Project is made possible by funding received from the New Jersey Governor’s Council on Alcoholism and Drug Abuse, New Jersey Department of Health and Senior Services, Division of Mental Health and Addiction Services and JSAS HealthCare, Inc.
